Transforming Problems into solutions

Secure your premises and create good first impression on your visitors.

EasyVisitorPass |

Streamline your front desk with a smart, simple and secure visitor management system.

Secure your premises

EasyVisitorPass is an Enterprise Visitor management System that revolutionize the way you secure the premises and manage the incoming and outgoing visitors whether they are planned or not. It provides you total control in verifying, screening, and badging visitors,whether for a single lobby or multiple entry points.

Intuitive and quick visitor registration

EasyVisitorPass is designed to facilitate the organization in doing away with the manual process of filling up of visitor passes. With EasyVisitorPass, your staff can register their visitor or have visitor use our self registration module on Android or IOS tablet.

☑ Easily Capture various visitor demographics along with photo and purpose of visit.

☑ Data entry is fast and simple because it automatically picks up information about a visitor from the database on subsequent visits eliminating re-entry

☑ Once a visitor registers, there is no need for them to go through the entire process all over again. EasyVisitorPass stores their details for faster check-ins.

Pre-registration and self-registration

With EasyVisitorPass, it's even possible for your visitors to register themselves. They simply enter their details and select host name, and print their badge using our web-based registration or using one of our tablet application at your reception.

☑ Reduce waiting period of your visitor by allowing them to pre-register using web-registration link. Your staff can also pre-register their guests.

☑ Make a good first impression on your visitors by allowing to self register using inuitive registration process.

☑ The host will be automatically notified via email and/or SMS as soon as the registration is completed.

Keep an eye on your visitor movement with simple check-in an check-out

EasyVisitorPass gives a complete overview of all your visitors: past, present and future. You can tell at a glance who is visiting, when they arrived, when they departed, and who they came to see.

✔ Comprehensive IN/OUT Dashboard to quickly check on to know who has visited your building, who's in it right now and who has overstayed their meeting duration across multiple entry points

✔ In-built Reports further allows you to get omprehensive data on visitors, appointments, most frequent visitors etc.

Customizable and scalable solution to meet your organization's unique requirements

✔ Bar code integration for quick and secure Visitor sign in and Sign out.

✔ Can be Easily integrated with your Access Control system for secured entry and exit

✔ Integration with various government ID such as Emirates card or passport and your active directory

✔ Customizable visitor badge printing as per your organization's standard.

EasyVisitorPass can be easily customized based on your requirements. Further, since it is scalable and robust solution it can be easily integrated with the third party application to provide more secured environment.
